CC100 Compact

Compact Size, Incredible Performance

2 Group Compact

Height (mm)	500
Width (mm)	524
Depth (mm)	512
Weight (kg)	50
Boiler size (Litres)	7
Element size (W)	2500
Total wattage (W)	2700

Available in Black, White and Red

Small footprint

We have packed all the below features into a machine measuring only 524mm W x 510mm H x 512mm D

7 Litre boiler

Great capacity for steam and hot water

2 x Steam wands

Meaning the machine can be operated easily in tight spaces or when obscured on one side.

Tall cup as standard

With custom made wire cup stand for smaller cups and espresso.

Attractive design

Full stainless steel construction, including optional colour side panels red, white or black.

PID Temperature control

Allows the user to adjust water temperature to perfectly complement their coffee.

Pre-Infusion

Espresso and double espresso button – this ensures consistent extraction and helps ‘smooth out’ poor tamping.

Auto GRP cleaning

To ensure perfect performance

Cleaning kit

Included with every machine.

Eco mode

Drops boiler temp to 60°C at the touch of two buttons – perfect for overnight or during quiet/closed periods.

2500KW element

provides ample power whilst remaining flexible enough to be plugged into a standard 13amp socket

Pod and capsule

adaptors available
